Friday News
13th September 2024

Dear Children, Parents and Staff,

Well done everyone for completing your first full week back at school. Our new Early Years Reception children have done remarkably well and already feel so much part of our school family. It was great to involve them in our University afternoon today where they worked with children from the other classes. I am looking forward to joining Class 1 next week to spend some time in the classroom with everyone.

New Class Parent Information Meeting

Thank you to those of you who were able to attend our new class parent information meeting on Wednesday afternoon. The children's Class Teachers will be emailing all families with the slides that they shared on Wednesday and hope that these will help you to understand our approaches and strategies for the year ahead. Please remember there is always a member of staff that you can speak to at the start of the day as you drop your child off and Class Teachers can be contacted using their class email address.

Parking at drop off and collection times

At the start of the year please can I remind everyone to be considerate when parking at either end of the day. Please ensure you do not park across any of the residents' driveways. Our 'soft drop off' between 8.45 and 9.00am allows a little flexibility due to limited parking. In addition, PLEASE can we request that parents do not bring their vehicles into the staff car park at either end of the day. Dropping your child off or collecting them from outside the main gates is also not permitted. The staff car park and entrance is identified as a pedestrian walkway during these times. Your children's safety is always paramount to us all. Thank you in advance for your help with this.

University of Bradley

The children were given their University choices this week and returned their preferences. This term the children will complete two half term modules. It has been great to freshen up our University offer this term and the children have chosen from; Short Tennis working with our Skipton Tennis Centre Coach, Archery & Target Games, Cooking & Baking, Kitchen Utensil Crafts, Drumming, Photography, Animation and Performing Arts. These modules are all planned as curriculum enhancements that provide the children with an opportunity to try something new or pursue an interest. The very special aspect of University at Bradleys Both is that the children participate in their modules alongside children from other class groups and develop their social interaction with each other. Friday afternoons really are the best time of the week and something we are very proud of.

Our NEW WOW! Awards

This week is the first week of our new class WOW awards. We enjoyed celebrating individual children from each class who have demonstrated a WOW approach to school during this last week. In true Superhero tradition, each week we will be looking for weekly WOW workers and learners at Bradleys Both. Each week we will announce our Wow Learners in Friday News.

Dates for your diaries

You can find our school's term dates for 2024-2025 by following this link to our school website:
